

# EXTENDED HOURS PROGRAM

## WEEK 1 OF SUMMER CAMP

### MAY 26<sup>TH</sup> – MAY 29<sup>TH</sup>

\*Closed Monday May 25<sup>th</sup> for Memorial Day

We are so excited to kick off the first month of Summer Camp and can't wait to welcome both our new families and our returning friends! Whether this is your first summer with us or you've been part of our program before, we are thrilled to have you here!

Our team has been hard at work planning a fun-filled summer packed with exciting activities, creative projects, field trips, outdoor adventures, and plenty of opportunities for your children to learn, grow, and make lasting memories. From sunshine-filled days to laughter with friends, we truly have something special in store for everyone!

**Please remember to send your child to camp EVERY DAY with lunch, water bottle, sunscreen, & backpack for belongings!**

#### THEME: WELCOME WEEK!

New friends, big smiles, & summer adventures begin! Each day is packed with crafts, writing, games, and STEM for your children! Here are a few highlights for this week:

#### TUESDAY

It's our very first day of camp and we're kicking things off with tons of fun and creativity! Today, campers will get hands-on with a handprint campfire craft, make adorable pipe cleaner pals, and create colorful rainbow blowers. We'll break the ice with a silly game of "pass the roll please!", making our own galaxy sensory bags during our STEM time, and more! It's going to be an exciting day full of laughs, learning, and new friendships!

#### WEDNESDAY

Camp is lighting up with fun today! Your children will get creative making plastic cup lanterns, firefly jars, and their very own tent camping scene! We'll also dive into some exciting STEM projects like firefly & glowsticks and the hilarious screaming balloon experiment. To top it all off, we'll be laughing and bonding with group games like who's the leader and would you rather. It's going to be a bright and busy day full of imagination and fun!

#### THURSDAY

This Thursday will be full of creativity and hands-on fun as campers make a kindness flower craft to spread positivity, build a friendship chain together, design get-to-know-you friendship bracelets, and create their own bubble wands for some extra bubbly fun! We'll also be diving into STEM activities with a colorful Skittles rainbow experiment and a paper skyscraper challenge to put our building skills to the test. It's shaping up to be a day full of laughter, teamwork, and discovery, and we are so happy to be sharing these moments with your children!

#### FRIDAY

We have an exciting day ahead filled with creativity, movement, and hands-on discovery! Campers will have a blast designing Fancy Names, making Paper Roll Bracelets, creating unique Torn Paper Designs, and learning all about themselves through Bioglyphs. We'll keep the fun going with active group games like Hula Hoop Pass and Round n' Round, perfect for teamwork and lots of laughter. Our STEM time will bring even more excitement with Walking Rainbow and Ball Bridge, where campers can explore, build, and experiment in fun and engaging ways. It's going to be a fun-filled day from start to finish!
